Dear Ms Maslen-Stannage

Please see below E-mail to Juliana Warner of 15 January 2020, enclosing letter to Terence Goldberg of Turner Freeman Lawyers of 4 November 2019. As you know, such correspondence to Mr Goldberg spells out criminal conduct and Mr Goldberg's part in such. Ms Warner was the Senior Vice-President of the Law Society of NSW on the date I wrote to her, and Ms Warner's only response was to block my E-mail address.

As we can see, Ms Warner has been aware of the criminal conduct for quite some time and is now the president of the association which seemingly organised the cover up of such in the first instance.

It is my understanding that Ms Warner was the managing partner of the Sydney branch of Herbert Smith Freehills in January 2020, and at the time of my writing to her.

Yours faithfully
